MUHAMMED SAHAL C

Data Analyst Intern | Power BI | SQL | Excel | E-Commerce & Retail Analytics

+91 9497880396 | Kasaragod, Kerala, India | sahalmuhammed564@gmail.com | linkedin.com/in/muhammedsahalc | sahalc.github.io

Available Full-Time (Online Degree) – Open to Remote, Hybrid and On-site Internships – Available Immediately

PROFESSIONAL SUMMARY

Aspiring Data Analyst and BCA (AI & Data Science) student with hands-on experience in Power BI, SQL (PostgreSQL) and Advanced Excel, and a Google Data Analytics certificate. Built 3 end-to-end analytics projects covering HR, retail sales and e-commerce, analysing 100,000+ records to find the drivers of employee attrition, profit loss and late deliveries. Skilled at cleaning data, writing SQL queries, building DAX measures and turning results into clear, insight-led dashboards. Focused on retail and e-commerce analytics and seeking a Data Analyst, Power BI or MIS internship to apply these skills to real business problems.

TECHNICAL SKILLS

Power BI: Dashboard Development, Data Modelling, Relationships, DAX Measures & Calculated Columns, Date Tables, Power Query, Conditional Formatting, Slicers & Sync Slicers, Tooltips

SQL (PostgreSQL): SELECT, WHERE, JOINs, GROUP BY, HAVING, Subqueries, CASE WHEN, Aggregate & Date Functions, Views, Table Creation & CSV Import (pgAdmin 4)

Advanced Excel: Pivot Tables, XLOOKUP/VLOOKUP, INDEX-MATCH, Data Cleaning, Charts, Slicers, Dashboards

Analytics: Data Cleaning & Validation, KPI Design, Trend Analysis, Root-Cause Analysis, Data Storytelling, MIS Reporting

Domain Knowledge: E-commerce & Retail KPIs – Revenue, Profit Margin, AOV, Discount Impact, Late Delivery %

PROJECTS

E-Commerce Sales & Delivery Analysis | *PostgreSQL, Power BI*

- Loaded 5 relational tables of real e-commerce data (99K+ orders, 112K+ order items) into PostgreSQL and wrote SQL queries using JOINs, GROUP BY and CASE WHEN to analyse revenue, categories, states and delivery performance.
- Created a SQL view joining all tables with calculated delivery status and days, used as a single clean source for Power BI.
- Built a 2-page dashboard tracking R$13.2M revenue across 96K delivered orders (R$137 average order value); Power BI totals matched SQL results exactly.
- Found that São Paulo drives 38% of revenue, 8.1% of orders arrive late, and northern states wait 25+ days versus under 10 days in São Paulo.

Sales Performance & Profit Analysis | *Excel, Power BI*

- Cleaned a 9,994-row retail dataset in Excel (duplicate removal, blank checks, pivot validation) before modelling it in Power BI.
- Built a date table and DAX measures for Total Sales, Profit, Profit Margin %, Orders and Total Loss, plus a discount-band column for profitability analysis.
- Designed a 2-page dashboard covering $2.3M sales, $286K profit and a 12.5% margin, with insight-based titles.
- Identified that discounts above 20% turn profit into loss (margin falls to -77% above 40%) and that Furniture earns only $18K profit on $742K sales, recommending lower discounts and a pricing review for Tables.

HR Employee Attrition Analysis | *Power BI, DAX*

- Analysed 1,470 employee records to measure a 16.1% attrition rate and identify the main drivers of employee turnover.
- Created DAX calculated columns to group age, tenure, salary and satisfaction, and an attrition-rate measure so groups of different sizes could be compared fairly.
- Found that Sales Representatives (~40%), employees aged 18–25 (36%) and first-year employees (35%) are most likely to leave, pointing to onboarding and pay as key retention levers.

EDUCATION

Bachelor of Computer Applications (BCA) – AI & Data Science | 2nd Year, Currently Pursuing (Online)
Yenepoya University | Expected Graduation: 2028

Data Analyst Course | G-TEC Computer Education

CERTIFICATIONS

Google Data Analytics Professional Certificate | Google via Coursera (data cleaning, analysis, visualisation, SQL, Tableau, R basics)

CORE COMPETENCIES

Analytical Thinking | Problem Solving | Attention to Detail | Data Storytelling | Communication | Fast Learner | Team Collaboration

Languages: English, Malayalam, Hindi
